

Why Choose GCSE Cymraeg?

Cymraeg enables you to develop a lifelong appreciation for the Welsh language and will help you to become one of the million Welsh speakers that the Welsh Assembly Government has targeted by 2050. The course will help you to understand and use Welsh for a variety of purposes and audiences. It will give you the opportunity to communicate and interact with confidence and help you to develop your language learning skills and your ability to organise information and solve problems.

Recent research shows that being able to speak and write in both Welsh and English can give you an important advantage, whether finding a job or looking to further a career.

Laws in Wales mean that public services must treat Welsh and English on an equal basis. Therefore, being able to communicate in both languages will be a advantage in getting employment in Wales.
