

# CS27 - Y Cwricwlwm Cymreig

<b>Last Review Date</b>	November 2020	<b>Next Review Date</b>	November 2021
<b>Leader of Policy Review</b>	Headteacher		
<b>Associated Policies</b>	Curriculum, Language and Bilingualism, Sustainable Development and Global Citizenship		

The Curriculum Cymreig helps students to understand and celebrate the distinctive quality of living and learning in Wales in the twenty-first century, to identify their own sense of Welshness and to feel a heightened sense of belonging to their local community and country. It also helps to foster in students an understanding of an outward-looking and international Wales, promoting global citizenship and sustainable development.

Our Curriculum Cymreig aims to help students:

- Understand and celebrate the distinctive quality of living and learning in Wales
- Identify their own sense of 'Welshness'
- Feel a sense of belonging to our local community and country
- Become aware of the part played by language and literature in the life of Wales
- Understand contemporary issues as they effect Wales

Our Curriculum Cymreig will ensure that students:

- Learn about the culture and heritage of Wales
- Become involved in local community projects
- Increase their fluency and use of Welsh in school and in the community
- Be encouraged to explore creative and expressive arts in Wales
- Learn about citizenship and issues relating to living in Wales
- Participate in celebrations of our cultural heritage
- Have opportunities to visit areas in Wales for curriculum enrichment
- Take part in assemblies that contain a bilingual dimension

Our Curriculum Cymreig will ensure that visitors to the school:

- Know that ours is a school in Wales
- Hear incidental use of the Welsh language by students and staff
- See the use of bilingual signs and notices
- Appreciate the significant contribution of the Welsh department to the life of the School

There are five aspects of the Curriculum Cymreig – cultural, economic, environmental, historical and linguistic. The School is committed to developing all aspects, as the following examples illustrate:

## Cultural

- Celebrating the distinctive cultures, languages and traditions of Wales through events such as the annual school Eisteddfod
- Gaining knowledge of values and traditions, including the religious beliefs and practices of Wales
- Exploring traditional and contemporary literature, music, art, craft, dance and sport, and incorporating these elements within school activities
- Gaining knowledge about the past and present political life of Wales through contact with local and national figures and democratic processes, both through the curriculum and extra-curricular events

- Exploring the links between Wales, Europe and the world in all curriculum areas

#### Economic

- Understanding the role played by Welsh industry and agriculture in shaping the economic, political and cultural character of Wales
- Learning how the development of resources and technology in the past and the present can change life in Wales
- Appreciating the part which different sectors of the population play in the economic life of Wales by visiting and researching examples of past and present economic activity
- Keeping abreast of new business enterprise and economic change in the local area and in Wales through the media and use of IT.
- Understanding the developing economic links between Wales, Europe and the world in all curriculum areas

#### Environmental

- Learning about the relationship between the environment and the people of Wales and the effect this has on Welsh life today and in the past through subjects such as Geography
- Exploring current issues that affect the lives of people in Wales and the Welsh economy
- Learning about the character of the built environment, past and present
- Learning about sustainable development and the decision-making processes in Wales
- Visiting, studying and appreciating the various landscapes of Wales

#### Historical

- Understanding how lives and localities have been shaped by the past, through learning about the history of Wales, its political, economic, social and cultural aspects
- Visiting historical sites, using artefacts, making comparisons between past and present, and developing an understanding of how these have changed over time
- Learning about the relationship of Wales with Europe and the World

#### Linguistic

- Using the Welsh language with access for all
- Recognising that there are many different levels of fluency in Welsh
- Using incidental Welsh in the life of the school
- Becoming aware of Welsh as a language and its links with English and modern foreign languages
- Using Welsh to create a school ethos that reflects the school's position as a school in Wales

### FORMAL CURRICULUM

What follows is a summary curriculum map indicating just some of the other ways in which departments in the school make their own contribution to our Curriculum Cymreig.

Key Stage 3	Brief Description of Curriculum Content
