

16th March 2020

Dear Parent / Carer,

In light of the current outbreak of COVID-19 and in consultation with the Chair of Governors for the school, I have taken the decision to review school events to limit risk to the school community including those who may be more vulnerable.

Although such events are an integral part of the school calendar I feel that it is sensible to postpone the evening production of 'Charlie and the Chocolate Factory' scheduled for Wednesday 18th March, the Year 12 Parents' Evening scheduled for Thursday 19th March, and the Year 10 Parents' Evening scheduled for Tuesday 31st March. For information about current progress we would encourage you to refer to your child's recent report. I am sure you will support the school in taking these pragmatic decisions in challenging circumstances.
