

A LEVEL RESULTS DAY – 13TH AUGUST 2015

ALUN SCHOOL, MOLD

OUTSTANDING A LEVEL RESULTS

Head of Sixth Form, Dr. Tim Erasmus, said:

“I am delighted to report that this year’s phenomenal results have maintained our consistently excellent track record for top levels of performance. We have one of the largest sixth forms in Wales with over 500 entries, and well over half of the grades achieved were B or above.

25 of our students achieved at least three A grades; worthy of particular mention this year are those students who hit the coveted A* grades in three or more of their subjects. These included: Eleri Davies, Jessica Louise Day, Elen Hunt, William Jeffcott, Tristan Henry, Morgan Elsmore, Georgia Burton, Katie Meadows, and Ben Robertson. In addition, three of our students were successful in gaining places at Oxford or Cambridge.

I would like to congratulate all of our students and their teachers, both here and in previous schools, who have contributed to this outstanding level of success.”

The next two pages contain details of the results of the 25 highest achievers.

Please telephone the headteacher on 750755 to arrange photographs

Students will be receiving their results from 8.30am onwards and so between then and 9.00am would be the best time

ALUN SCHOOL – A Level Top Performers

These students all achieved at least three A grades (or equivalent). Destinations included where known.

Georgia Burton of Mold - Distinction* Distinction* Distinction

Ryan Comins of Mold- A*A A
