A message from the Headteacher

Dear Parents/Carers

As we end our first week of school closure due to Covid-19, I would like to put formal school work in perspective. If your child is worrying or starting to worry about the work they have to do on Office365, then please tell them to stop worrying.

We are fully aware that internet connection speeds vary; not all families have several devices and that children can just be 'under the weather' on any given day.

We will always have your child's best interests at heart. This means that we focus on the big picture, not just your child's academic results. Health and well-being is very important to us.

Therefore, as well as your child working online, it is important to do other things, particularly in these difficult times. They could be reading, drawing, learning a musical instrument, learning a new skill, the list is endless. We don't want them to be sitting in front of a screen all the time, worrying about completing school work.

Most importantly, please remind your child that to stay safe they must stay at home and should only chat with friends on-line.

Regards,

Jane Cooper
